RFLAUN Members / Pensioners

Increase in Pensioner Funeral Cover

The Fund is pleased to announce that regulatory approval for the enhancement of the **Pensioner Funeral Cover** to **N\$15,000.00** had been successfully obtained. As a result, the increased funeral benefit became effective on **1 December 2025**.

In line with the decision taken by the Board of Trustees, the funeral cover applicable to pensioners under the Fund has been increased from **N\$10,000.00 to N\$15,000.00**. This adjustment ensures that the benefit remains meaningful and responsive to the rising costs associated with funeral arrangements.

This enhancement is yet another demonstration of the Trustees' unwavering commitment to continually strengthening the Fund's benefit offering. The Fund remains dedicated to acting in the best interest of all stakeholders by ensuring that benefits remain competitive, relevant, and supportive of members and pensioners during life's most challenging moments.

END
